# MULTI WASHER
## SOMENGIL

*It's not just about sustainability.*
*It is sustainability.*

## What is MultiWasher

The MultiWasher by Somengil is an advanced industrial cleaning machine designed to cater to various types of cleaning needs. Built with state-of-the-art technology, the MultiWasher offers high efficiency and superior washing performance.

This " Best In-Class" unit washes, disinfects & drys.  It is designed to clean, santitze, decarbonize, and dry a multitude of products, even plastics.

Its unique capabilities lie in its ability to handle different materials, sizes and a vast array of soiled product, making it a versatile solution for any commercial setting.

The machine's robust design, coupled with smart features like automatic load detection and energy-saving modes, ensure optimum functionality and sustainability. The MultiWasher by Somengil is, therefore, a reliable choice for businesses seeking a comprehensive and efficient washing solution.

### Benefits

| | |
|---|---|
| Uses 2/3 less water | 70% Less detergent |
| Smaller footprint | Reduced labor |
| Reduced energy consumption | Custom programable wash cycles |

## Why MultiWasher

Since 2002 Somengil, the company behind the MultiWasher has been committed to improving the entire warewashing process for the foodservice industry. From it's engineering roots they have revolutionized the wash technology since introducing MultiWasher.
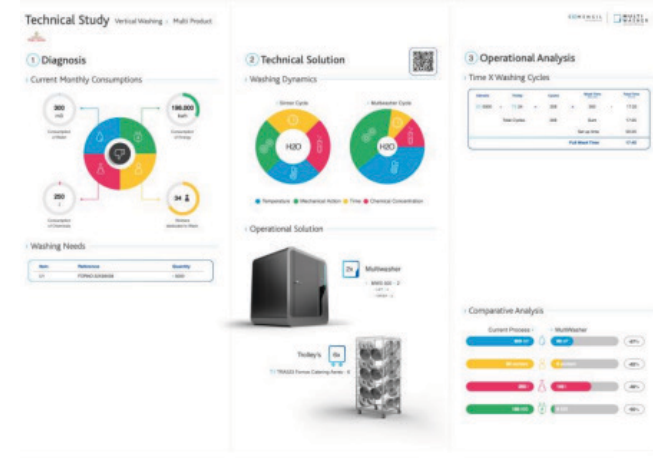

The use of Somengil's MultiWasher offers a myriad of benefits for users across various industries. It is known for it's water and energy savings while delivering impeccable results.  This MultiWasher system boasts innovative technology, ensuring optimal performance and durability.

Its versatility allows it to cater to a wide range of washing needs, making it a valuable addition to any operation. Moreover, Somengil's focus on sustainability is reflected in the MultiWasher's design, which **minimizes water and energy consumption**. Thus, choosing Somengil's MultiWasher translates to **improved productivity, cost-effectiveness, and an eco-friendly approach to commercial washing.**

### Our Process

Our 3 step engagement is simply...

- Confirm your needs/requirements
- Create a MultiWasher readiness assessment (MWRA) that includes machine type & ROI.
- Present & deliver the infomation for capital approval

## Who
### All in. It can handle it!

MultiWasher can handle it from:  bun racks, sheet  & hotel pans, totes, shopping carts, dunnage racks, trolleys, floor mats, pot & pans, china, cutlery and much more.
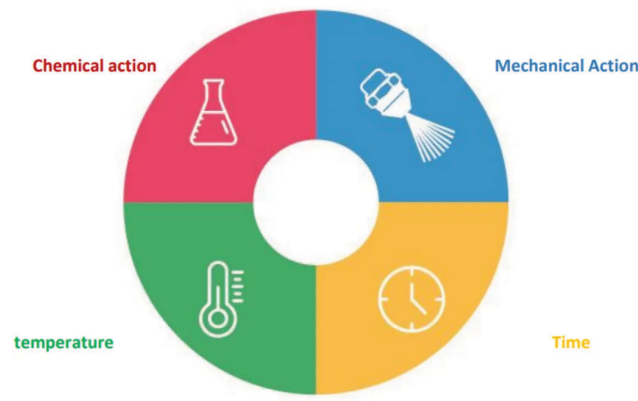

Foodservice sectors we operate in:

- Hotels, Casinos & Resorts
- Commissary/Production/Central Kitchens
- Grocery Stores, Retail
- Schools K-12
- Colleges & Universities
- Catering
- Business & Industry
- Food Production
- Contract Feeders

Learn more...

## How

The washing process involves 4 areas for removing the heaviest soil and sanitizing.

### Classic Wash Cycle

Chemical action — Mechanical Action — temperature — Time

### MultiWasher Cycle

Chemical/Detergent — Water Pressure — Temperature — Time

- 🔴 Less Chemicals
- 🔵 More Water Pressure
- 🟡 Less Time
- 🟢 Higher Temperature ✓

## MWS300

### Overview
- Warewashing cabinet machine
- AISI 304 stainless steel construction
- MultiWasher system to wash different types of tools
- IP55 protection
- Touch screen controller and emergency switch
- Auto-door open/close
- Auto-detergent dispenser
- Auto-spin dryer system

### Options
- Pass-through door
- Washing pressure inverter
- Steam heating
- Rinse dosing pump
- Auto-tank reload
- Trolley elevator

| Technical Specification | Electric | Steam |
|---|---|---|
| Voltage Requirements | 208/240-3ph-60HZ | 208/240-3ph-60HZ |
| Horse Power | 45 | 16 |
| Machine Weight (lbs) | 2,735 | 2,735 |
| Packed Weight (lbs) | 3,725 | 3,725 |
| External Measurements | 80"x58"x107" | 80"x58"x107" |
| Internal Cabinet Measurements | 31.5"x26.75"x78" | 31.5"x26.75"x78" |
| Washing Data | | |
| Tank (GAL) | 50 | 50 |

### Capacity

Full Size Hotel Pans (and/or other equivalent sized items) - up to 18 per cycle

Single Rack

Up to 27 sheet pans per cycle

Universal rack to mix kitchen utensils and bowls

*These Capacities always requires a technical validation for each specific case
