& BOWLS**

it may not be
rocket science...
but it's still **cool.**

**SIMPLE SOLUTIONS™
BUFFET SYSTEM**

Put the focus back on the food in your buffet display and assemble your cold well unit with ease, using TableCraft's new Simple Solutions™ buffet system; featuring a full range of bowls and templates that fit any industry standard size cold well. No matter what NSF® 7 unit you choose, our new Simple Solutions™ features all the pieces needed to ensure a foolproof fit! Contemporary bowl design allows the vessel to sit perfectly side-by-side within the perforated templates, which are cut to fit each specific unit. This seamlessly tailored fit ensures that no food falls through gaps within your display and keeps the air at optimal cold-holding temperatures.

Perforated aluminum templates are pre-measured to fit the following units: Alto-Shaam CW-Series, Atlas RM-Series, Atlas RM-HP-Series, Delfield N8100B-Series, Hatco CWB-Series, Hatco HCWBI-Series, Randell 9900SCA-Series, Vollrath 36400-Series, Vollrath FAC-Series, Wells RCP-Series, Wells RCP-ST-Series. Custom sizes also available. Contact your TableCraft rep for details.

SIMPLE SOLUTIONS™ PRODUCTS & PROCESSES

KEEPING IT CLEAN, CONSISTENT & COLORFUL

Our **Drop-in Template System** creates a clean, continuous presentation that cradles the bowls, so they won't accidentally fall through or spill into the well during change outs. No adapter bars needed! The perforated construction also allows for proper airflow within the cold well unit; surrounding the cold-holding vessels with direct air—maintaining proper cold-holding food temperatures. All our templates are available as individual pieces as well as complete kits; allowing for convenient ordering, customizing and arranging.

Our **Cast Aluminum Bowls** are virtually indestructible. Their straight-sided designs allows them to sit perfectly together to save valuable space and helps reduce slips and drips from "slipping through the cracks" keeping serving area clean. The quality aluminum maintains the proper serving temperatures for all your foods. Plus, we offer a wide assortment of sizes and capacities to fill your presentation needs.

Our **DuraCoat™ Cast Aluminum Coating** is available in 23 colors (select colors below - see page 3 for full range of available colors). Coatings are NSF® Listed, dishwasher safe, and safe for cold food as low as temperatures of -20°F. Not intended for use in hot wells or steam tables. We recommend natural finish items only for all hot food applications. All Coatings applied at our facility in Willis, Texas.

WISHING YOUR WELL COULD GET AN UPDATE?

TableCraft provides a convenient and unique recoating program, so you can refinish your current templates for less than the cost of ordering new. Please contact your TableCraft sales rep for quotes and a recoating authorization (RCA) to refinish your cast aluminum serveware. Choose from 23 DuraCoat™ coatings or revert to natural aluminum finish.

SIMPLE SOLUTIONS™ DROP-IN TEMPLATES & RISERS

Quick and convenient should work both ways...for customers and employees. Stock your cold well unit with ease, using TableCraft's Simple Solutions™ templates. Our DROP-IN templates are designed to rest on the factory food pan ledge of a NSF®7 cold well to cradle your food products within the proper cold zone. Our RISERS sit on the bottom of a NSF® 7 cold well to present your food products in a proper cold zone.

- Templates are designed to offer your cold food station to promote best food safety practices and offer operators display versatility
- Drop-in templates are available in 3" (regular) or 5" (deep) heights depending on your cooling stations well depth
- Standard templates and risers available as made to order; customizing also an option.
- DROP-IN templates available in Brushed (BRA), Random Swirl (RSA) or DuraCoat™ Color Coatings - details on page 4
- RISERS templates available in Brushed (BRA) or Random Swirl (RSA) finish

HOT WELL COVERS ALUMINUM & STAINLESS STEEL

Create a practical alternative solution to the buffet and self-serving stations by replacing hot well templates with covers. No drop-in templates means one continuous serving surface. Hot Well Covers save energy and reduces food waste by keeping foods at optimal temperatures while elevating your presentation, literally, above the wells. Our aluminum and stainless steel options are designed to fit standard well sizes.

- Bring modern style and presentation to your hot food buffet
- Aluminum covers available in Wave or Contemporary patterns; options fit standard size wells
- Stainless steel can be made to order in six finish options [see catalog for more information]
- Perfect for restriction-free serving quantities, pre-packaged meals or single serve items
- Covers are manufactured and shipped from Willis, TX
- Custom sizes also available. To ensure a proper fit, well dimensions and drawings are required, contact your TableCraft rep for details

STAINLESS STEEL HOT WELL TEMPLATES

STANDARD SIZES, CUSTOM FINISHES

Enhance the appearance of your buffet with our easy-to-clean templates. Our templates help save energy by trapping the heat from rising above the pan. Accommodates temperatures up to 450°F, to keep food hot longer. Fit standard 12 x 20" wells, our templates are precision cut to fit our tri-ply cookware. We can also provide Auto CAD support to customize templates to fit standard size wells and your existing cookware and serverware.

QUICK VIEW CHAFERS

GENERAL FEATURES

Our highly-polished Stainless Steel Quick View Chafers will elevate any catering or buffet line. Windows allow guests to see contents prior to opening the chafers. Steam vents reduce condensation. Slow closing lids reduce the noise that often comes with opening and closing during service. Lids also include safety features for operators to remove and replace food pan inserts easily and safely without risk of steam burns.

- Chafers hold temperature evenly
- Steam pan and water basin included

Slow closing lid with improved hinge design

Hinge design has an integrated stop to keep lid open for serving

Hinge is easy to replace (no tools needed)

Steam Pan Lifter protects operator from steam burns, making food rotation easier

Intuitive integrated lip to assist in manually removing steam pans

Integrated spoon rest for seamless serving, keeping your buffet more sanitary

PORTABLE INDUCTION COOKTOP
#CW40195
fits up to 10 3/4" dia compatible cookware base

PORTABLE INDUCTION DROP-IN COOKTOP
#CW40196
fits up to 12" dia compatible cookware base

2/3 SIZE ELECTRIC CHAFER w/ STAND
#CW40162
16 x 16 x 6"

QUICK VIEW [ELECTRIC] CHAFERS

For complete selection of electric, fuel and induction Chafers & Servers see our comprehensive Buffet & Catering section in our catalog.

QUICK VIEW [INDUCTION] CHAFERS

The induction cooktop heats and holds temperature evenly without an open flame or need to replace fuel. Includes steam pan and water basin.

2/3 SIZE SERVER
#CW40161
22 3/4 x 17 1/4 x 8 1/4"
(Fits CW40175STAND)

QUICK VIEW [FUEL] CHAFERS

Designed to allow for longer, hot-holding. The unique quick view window reducing unnecessary wear on the lid hinge and slow closing lid reduces the noise made by lifting and replacing lid. See additional features to right.

ROUND SERVER w/ STAND
#CW40177
17 1/4 x 19 1/2 x 12 1/4"

ROLL TOP [FUEL] CHAFERS

For more traditional buffet and banquet applications, our roll top chafers offer same features as our quick view counterparts. Slow closing lid for reduced noise, properly placed fuel holders for canisters to generate steam and promote even heat distribution.

ROUND SERVER
#CW40168
13 1/2" dia x 17 1/4"

KEEP YOUR FOOD PRODUCTS COOL... WITH OUR COOL DISPLAY PRODUCTS

COOLING PLATES

Foods can stay perfectly chilled for up to 3 hours with these versatile solutions. Our cooling plates can be used separately, on stands or in a cooling base station with or without cast aluminum trays and bowls (See catalog for more options). For best results, must use pre-chilled trays and our cast aluminum bowls and trays prior to displaying.

FOOD DISPLAY TRAYS

Great way to keep your presentation clean and organized. Cool trays in freezer prior to use with or without cooling plates. Available in standard gastronorm size and more. Choose natural finish or any of our DuraCoat™ coatings.
